SECTION	Document Summary
1	Investment Rate of Return and Expense Information - Shows investment return information for your plan's investment options. It shows past performance, investment management expenses and General Administrative Services Expenses. The General Administrative Services Expenses table shows non-investment expenses that pay for operating your Plan.
2	Other Investment-Related Fees, Expense Information and Transfer Restrictions - Shows any fees and expenses that are in addition to the investment management expenses in Section 1. This section also shows any investment restrictions.
3	Plan-Related Information - Shows your Plan Related information and Participant Elected Services Expenses tables. Your Plan offers a Self-Directed Brokerage Account (SDBA) through TD Ameritrade Inc. The SDBA allows you to select from securities and investments that have not been chosen by and are not monitored by your employer, fiduciary and/or the Plan Sponsor. What investments you may actually invest in depends on the specifics of your Plan design. These investment options are not offered through your retirement plan recordkeeper. You may invest through the SDBA by logging in to your Plan's web site and completing the SDBA enrollment process online.

The SDBA is for knowledgeable investors who acknowledge and understand the risks associated with many of the investments contained in the SDBA. By utilizing the account, you acknowledge that none of the available options in the SDBA have been selected for use in the Plan, reviewed for suitability or will be monitored by your employer, Plan Sponsor, SDBA provider, or retirement plan recordkeeper. You are solely responsible for determining the suitability and for the selection and ongoing monitoring of the investments that are available and utilized in the SDBA.

If you decide to use the SDBA, there may be an annual maintenance fee for using the SDBA as reflected in the Participant Elected Services Expenses table in this document. There may be additional expenses and fees associated with using TD Ameritrade Inc., such as commissions and sales loads. More information regarding these fees is located in the SDBA pricing summary at the back of this notice. Before investing, investors should carefully consider a fund's investment objectives, risks, charges and expenses. Fund prospectuses contain this and other important information and may be obtained by calling the SDBA provider at 1-866-766-4015 or through the SDBA's website at www.tdameritraderetirement.com. Investors should read prospectuses carefully before investing.

Transfers into and out of TD Ameritrade Inc. will be subject to minimum transfer restrictions. If your transfer request does not meet the minimum amount, your transfer will not be completed. You must initially transfer a minimum of \$1,250. Subsequent transfers must be at least \$1,250. You are also required to maintain a minimum balance of \$1,250 in your core account. If your core account is below the minimum balance, any percentage of your future contribution investment

elections allocated to the SDBA will be allocated pro-rata across your other investment elections (or to the Plan's default fund if 100% of your investment elections are allocated to the brokerage account) until the minimum balance is reached.

More detailed information about the SDBA is available on the Participant website.

Variable Rate of Return Investments Table

This table looks at the rates of return from investments that increase and decrease in value. The table shows how these investments have performed over time. You can compare each investment option to a benchmark. Past performance does not guarantee how the investment option will perform in the future. Your investment in these options could lose money. Information about an investment option's principal risks is available on the Web site listed above.

Fixed Rate of Return Investments Table

This table looks at the investment options that have a fixed or set rate of return. It shows the current annual rate of return and the minimum annual rate of return. The table also shows how often the rate of return may change and the term or length of time you will earn this rate of return, if applicable. The investment provider of the fixed account may change the rate in the future. You may visit the Web site listed above or call the Voice Response System to find the current rate.

Fixed Return Investments as of 06/27/2022				
Investment Option	Current Fixed Rate	Minimum Rate	Frequency of Fixed Rate Setting	Term
Genesco Stable Value Fund	1.75%	0.00%	Quarterly	06/30/2022
	\$17.50 per \$1,000			

1 Additional information on this Investment Option can be found in Section 2.

2 Investment Funds. The start date may be that of the fund's original share class. If your Plan offers a different share class of the fund with a more current start date, the performance returns have been adjusted to reflect the fees and charges associated with the actual share class.

3 Offered through a group fixed and variable deferred annuity issued by the applicable insurance company. Returns prior to the inception date of the separate account are hypothetical and are based on the inception date of the underlying investment option, adjusted to reflect the deduction of fees and charges associated with the annuity contract.

* Performance returns not available at time of production.

N/A - Performance returns are not applicable.

‡ Performance calculations for each of the plan's designated investment options are net of applicable investment contract fees, reducing the investment option's performance by the effect of such fees, including, for example, any applicable annuity separate account/program fees and other investment-level fees related to plan account maintenance and servicing.

~ Gross Total Annual Operating Expenses are the gross fees potentially charged to the investment option and are displayed above in accordance with fee disclosure regulations. The Net Total Annual Operating Expenses, also displayed above as supplementary information, are the actual amounts charged by the investment option and may be different from the Gross Expenses due to certain fee waivers or additional expenses charged by other service providers. Expenses reduce the return of the investment option. Part of these fees may be shared with the plan's service providers and, under an agreement with the applicable plan fiduciaries, may be used to help pay for plan administration and/or recordkeeping fees. The plan's fiduciaries may make changes to the plan's investments at any time subject to applicable notice requirements. Please see the participant website for more information.

** A benchmark index is not actively managed. It does not have a defined investment objective and does not incur fees or expenses. You cannot invest directly in a benchmark index.

General Administrative Services Expenses Table

This table shows expenses that pay for operating the Plan. These expenses are described below. Fees and expenses for general plan administrative services (for example, recordkeeping services and custodial services) may be charged to the Plan. These fees and expenses may be charged to your individual account to the extent not paid by the Plan Sponsor, deducted from other Plan assets (such as the Plan's forfeiture account) and/or included in investment-related fees and expenses. How the expenses are charged to participant accounts will depend on the nature of the expense. For example, some fees may be charged as a fixed dollar amount per participant or as a percentage amount spread across the account balances, as determined by the Plan Sponsor or other responsible Plan Fiduciary. The amount of any general plan administrative expenses actually deducted from your account will be reflected on your account statement.

Missing Participant Administrative Services. Upon request by the Plan Sponsor, Empower may perform certain administrative services that attempt to identify and locate missing and unresponsive participants. The administrative services may include, for example, performing Participant address searches using a commercial locator service, updating Participant address records and attempting to contact Participants using certified U.S. mail. If the plan incurs any administrative fees for these services, such expenses will be paid from the plan's assets and deducted from the applicable missing or unresponsive participant's account balance or from the proceeds of any uncashed benefit payment made by the plan to such participant. The missing participant administrative fees are estimated to range from \$10 up to \$75 per participant per year depending on the services elected by the Plan Sponsor.

General Administrative Services Expenses as of 06/27/2022				
Fee Type	Annual Amount	Quarterly Amount	Frequency	Description
Participant Account Maintenance	\$27.00	\$6.75	Monthly	This fee is for costs associated with the plan such as plan underwriting, contribution processing, transaction processing, company enrollment meetings, and retirement plan education.

3 – Plan-Related Information

Plan-Related Information is an explanation of general plan information. It includes a description of non-investment management fees and expenses that may be charged to your account. This section also includes a list of the Participant Elected Services Expenses.

General Information

Non-Investment Management Fees and Expenses: Includes recordkeeping, accounting, legal, consulting or other administrative fees that may be charged to your account. The dollar amount actually charged to your account during the previous quarter for such administrative or individual expenses will be reported to you on your quarterly statement. If you have additional questions related to fees on your account, please contact the Voice Response System or your Plan Administrator.

Investment Instructions: Your plan lets you direct the investment of your account in the investment options listed in Section 1. You may make changes to your investment options via the plan's Web site or by calling the Voice Response System.

Limitations on Investments: Limits on making changes to your investment choices may be imposed by the Plan Administrator or by a manager of an investment option. Any limits or restrictions made by a fund manager are described in the prospectus for the fund. They include restrictions intended to prevent "market timing" (i.e., rapid trading in and out of a fund). If these restrictions apply then they will be listed in Section 2. In addition to the limits and restrictions described in the prospectus, the Plan Administrator may have other restrictions on making changes to your investment choices. If the Plan Administrator has additional limits, they will be described in a separate document that will be provided to you by your Plan Administrator.

Voting, Tender, and Similar Rights: The appropriate Plan fiduciaries, or an individual or an institution designated by the Plan fiduciaries, will exercise any voting or other rights associated with ownership of the Designated Investment Alternatives offered in your Plan.

¹ Applies to certain sell transactions, assessed at a rate consistent with Section 31 of the Securities Exchange Act of 1934. TD Ameritrade remits these fees to certain self-regulatory organizations and national securities exchanges, which in turn make payment to the SEC. These fees are intended to cover the costs incurred by the government, including the SEC, for supervising and regulating the securities markets and securities professionals. The rate is subject to annual and mid-year adjustments which may not be immediately known to TD Ameritrade; as a result, the fee assessed may differ from or exceed the actual amount of the fee applicable to your transaction. Any excess may be retained by TD Ameritrade. Fees are rounded to the nearest penny.

² This fee varies by options exchange, where an options trade executes, and whether the broker responsible for the trade is a member of a particular exchange. As a result, TD Ameritrade calculates a blended rate that equals or slightly exceeds the amount it is required to remit to the options exchanges.

³ This fee is assessed at a rate consistent with Section 1 of Schedule A of FINRA's By-Laws for trading activity. Current rates are: \$0.000119 per share for each sale of a covered equity security, with a maximum charge of \$5.95 per trade; \$0.002 per contract for each sale of an option; \$0.00075 per bond for each sale of a covered TRACE-Eligible Security (other than an Asset-Backed Security) and/or municipal security, with a maximum charge of \$0.75 per trade; \$0.00000075 times the value, as reported to TRACE, of a sale of an Asset-Backed Security, with a maximum charge of \$0.75 per trade. Fees are rounded to the nearest penny.
